Summary

I am a software developer with over a year of experience in the industry. I currently work as an engineer for Microinvest, developing accounting and commerce software. I'm also developing a Scrum-like internal web app for the company. In my free time I seek a broader set of skills by diving into frontend technologies.

Experience

Microinvest – Software Developer

Sofia, July 2021 – Present

During my employment I've been involved in:

- **Jira-clone for organizing the software testing process** - Built with JavaScript, React and ASP .NET
- **Sendera** - Extracts data from documents using OCR. Created with C# and WPF
- **Price Checker** - A mobile application for scanning product printed labels. Developed with C# and Xamarin

Education

Sofia University – Bachelor's in Business Administration (*October 2017 - 2019*)

Skills

I am comfortable using JavaScript, HTML, CSS, React, C#, .NET.
